

Appendix I

This appendix details the fields which are provided in the table of sites which makes up the permissions, site allocations, and emerging site allocations in the Land4LDN system.

Source type	Description of field
LPA	Local Planning Authority (text/string)
ID	Unique ID in Land4LDN system (string)
Site Name	Name of site (text/string)
Accessibility Level	Public Transport Accessibility Level (alphanumeric)
Character Type	Concatenation of all overlapping character areas from the London Context Map (text/string)
SAM band	Sustainable Access Measure (alphanumeric)
Value Band	London Plan Viability Study Value Band (alphanumeric)
Typology lookup	Typology used in viability study (text/string)
Viability result - sensitivity	LPVS result (text/string)
Easting	Geographic Coordinate (X) using OSGB1936 (integer)
Northing	Geographic Coordinate (Y) using OSGB1936 (integer)
Borough	London Borough (text/string)
LPA	Local Planning Authority (text/string)
Postcode	Postcode (text/string)
Ward	Local administrative ward name (text/string)
Street Name	Street name (text/string)
Site Area (ha)	Site area in hectares (decimal)
Is Small Site	Is small site (boolean)
System-Calculated Capacity (Before Constraints)	Calculated system capacity value before applying constraints (decimal)
System-Calculated Capacity (After Constraints)	Calculated system capacity value after applying constraints (decimal)
Total Site Fragment Capacity Impact	Total reduction to system capacity from interaction of other sites in Land4LDN (decimal)
Design Led Capacity	Design-led capacity provided by LPA (integer)
Proposed Units	Number of proposed units (if type is permission) (integer)
Existing Units	Number of existing units (if type is permission) (integer)
Net Units	Net units (Proposed minus existing, if type is permission) (integer)
Built Units	Number of units already build (integer)
Demolished Units	Number of units demolished (integer)
Remaining Net Units	Number of units remaining to be built, net (integer)
What would final capacity be if no DLC	Number of units remaining to be built if ignoring effect of DLC in the system (integer)
Other Resi Units Details List	Details of non-C3 schemes (json array)

2026 SHLAA - Appendix I: Schedule of sites

Other Resi Total Proposed Bedrooms	Total proposed bedrooms (integer)
Other Resi Total Lost Bedrooms	Total existing bedrooms (integer)
Other Resi Superseded Proposed Bedrooms	Total superseded proposed bedrooms (integer)
Other Resi Superseded Lost Bedrooms	Total superseded existing bedrooms (integer)
Other Resi Completed Proposed Bedrooms	Total completed proposed bedrooms (integer)
Other Resi Completed Lost Bedrooms	Total completed existing bedrooms (integer)
Other Resi Unbuilt Proposed Bedrooms	Total remaining proposed bedrooms (integer)
Other Resi Unbuilt Lost Bedrooms	Total remaining existing bedrooms (integer)
Application Type (Full)	Application type (text/string)
Source type	Broad grouping of source types (text/string)
Source	Source for site detail (text/string)
Source Reference	Site ID and reference in data source (text/string)
Source Status	Status of source (text/string)
Source Description	Additional detail about site in source (text/string)
Decision Date	Decision date (date/integer)
Is Excluded	Is the site excluded (boolean)
SAM 2041 base case_mean	Raw SAM score value (decimal)
Opportunity Area	Opportunity Area (text/string)
Delivery before 1 April 2027	Sum of net units phased before 01/04/27 (integer)
2027-2028	Sum of net units phased in FY (integer)
2028-2029	Sum of net units phased in FY (integer)
2029-2030	Sum of net units phased in FY (integer)
2030-2031	Sum of net units phased in FY (integer)
2031-2032	Sum of net units phased in FY (integer)
2032-2033	Sum of net units phased in FY (integer)
2033-2034	Sum of net units phased in FY (integer)
2034-2035	Sum of net units phased in FY (integer)
2035-2036	Sum of net units phased in FY (integer)
2036-2037	Sum of net units phased in FY (integer)
2037-2038	Sum of net units phased in FY (integer)
2038-2039	Sum of net units phased in FY (integer)
2039-2040	Sum of net units phased in FY (integer)
2040-2041	Sum of net units phased in FY (integer)
2041-2042	Sum of net units phased in FY (integer)
2042-2043	Sum of net units phased in FY (integer)
2043-2044	Sum of net units phased in FY (integer)
2044-2045	Sum of net units phased in FY (integer)
2045-2046	Sum of net units phased in FY (integer)
2046-2047	Sum of net units phased in FY (integer)
2047-2048	Sum of net units phased in FY (integer)

2026 SHLAA - Appendix I: Schedule of sites

2048-2049	Sum of net units phased in FY (integer)
2049-2050	Sum of net units phased in FY (integer)
amended 10Y 27/28-36/37	Sum of net units phased across 10Y period from 1 April 2027 to 31 March 2037 (integer)
