9. METHODOLOGY

1. INTRODUCTION

This quarterly report presents information about people seen rough sleeping by outreach teams in Westminster in July - September 2026.

Information in the report is derived from the 'Combined Homelessness and Information Network' (CHAIN), a database commissioned and funded by the Greater London Authority (GLA) and managed by Homeless Link. For more information see www.homeless.org.uk/chain.

The data on which this report is based is also available in an accessible tabular format, aggregated to borough and Greater London level, in a separate CHAIN Quarterly Data Tables file. This can be downloaded from the GLA Datastore at http://data.london.gov.uk/dataset/chain-reports. A suite of interactive charts and maps based on the data can be accessed via the CHAIN Quarterly Data Visualisations Tool at https://bit.ly/chain-quarterly-vis-tool.

In the rough sleeping figures in this report people are grouped into three categories:

New rough sleepers	Those who had not been contacted by outreach teams rough sleeping before the period
Living on the streets	Those who have had a high number of contacts over 3 weeks or more which suggests they are living on the streets
Intermittent rough sleepers	People who were seen rough sleeping before the period began at some point, and contacted in the period - but not regularly enough to be 'living on the streets'

For more information about the methods used to derive statistics for this report, and definitions of different groups, please see the Methodology section.

2. ROUGH SLEEPER POPULATION ANALYSIS

Westminster: Headlines

Table 1: People seen rough sleeping in 2026-27 Q2, by new, living on the streets, and intermittent breakdown

Volumes	No. Rough Sleepers	Change from last period	Change on same period last year
New Rough Sleepers (All)	**387**	**+143**	**+21**
New RS with no second night out	290	+109	+42
New RS with a second night out but not living on the streets	78	+21	-18
New RS joining living on the streets population*	19	+13	-3
Living on the Streets (All)	**225**	**+10**	**+1**
LOS - Transferred from new RS*	19	+13	-3
LOS - Known	206	-3	+4
Intermittent Rough Sleepers	**373**	**+44**	**-112**
Total	**966**	**+184**	**-87**

*This cohort is listed under both new RS and living on the streets headings, but is only counted once towards the overall total

Westminster: Achieving No Second Night Out

Chart 1: New rough sleepers 2025-26 Q2 to 2026-27 Q2

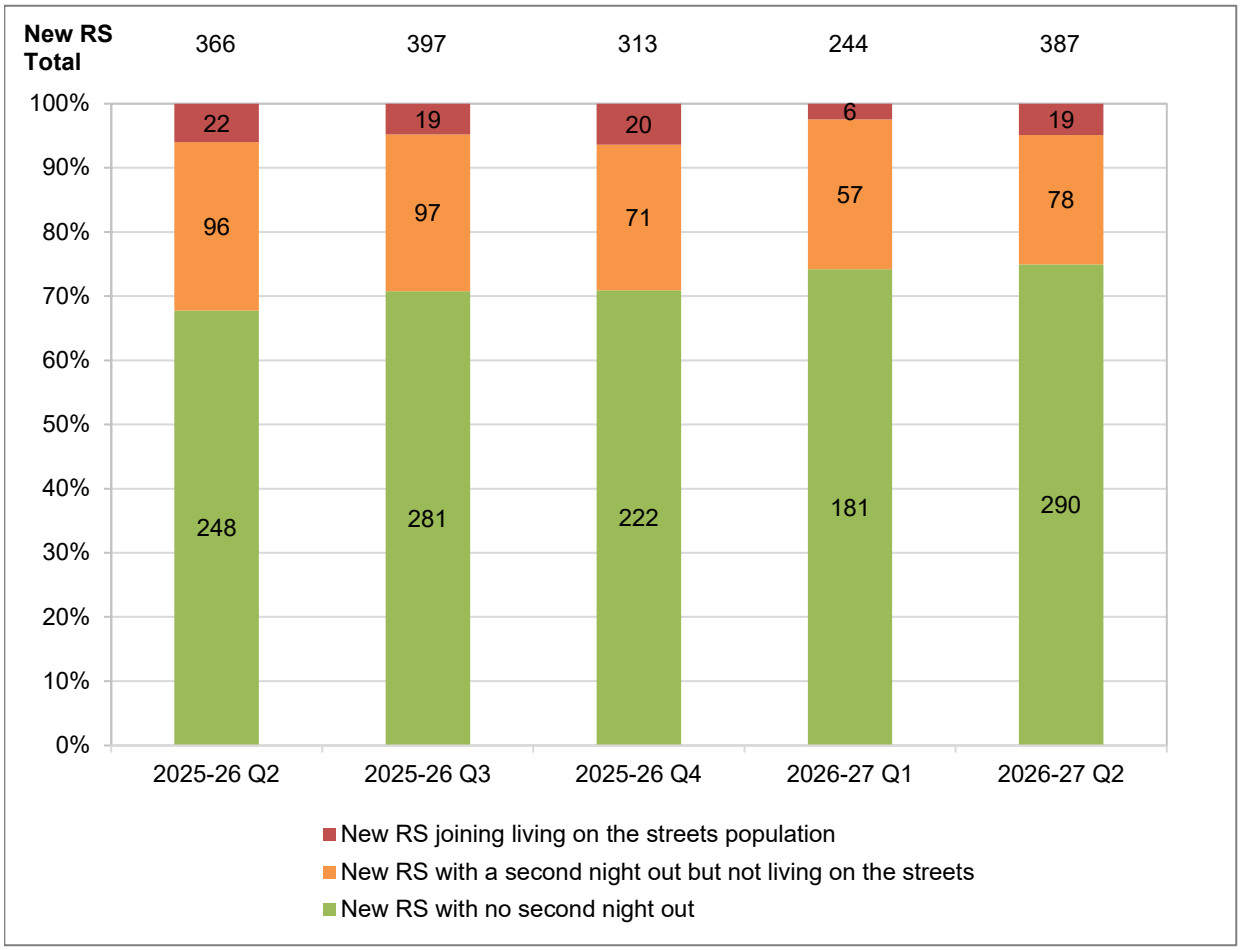

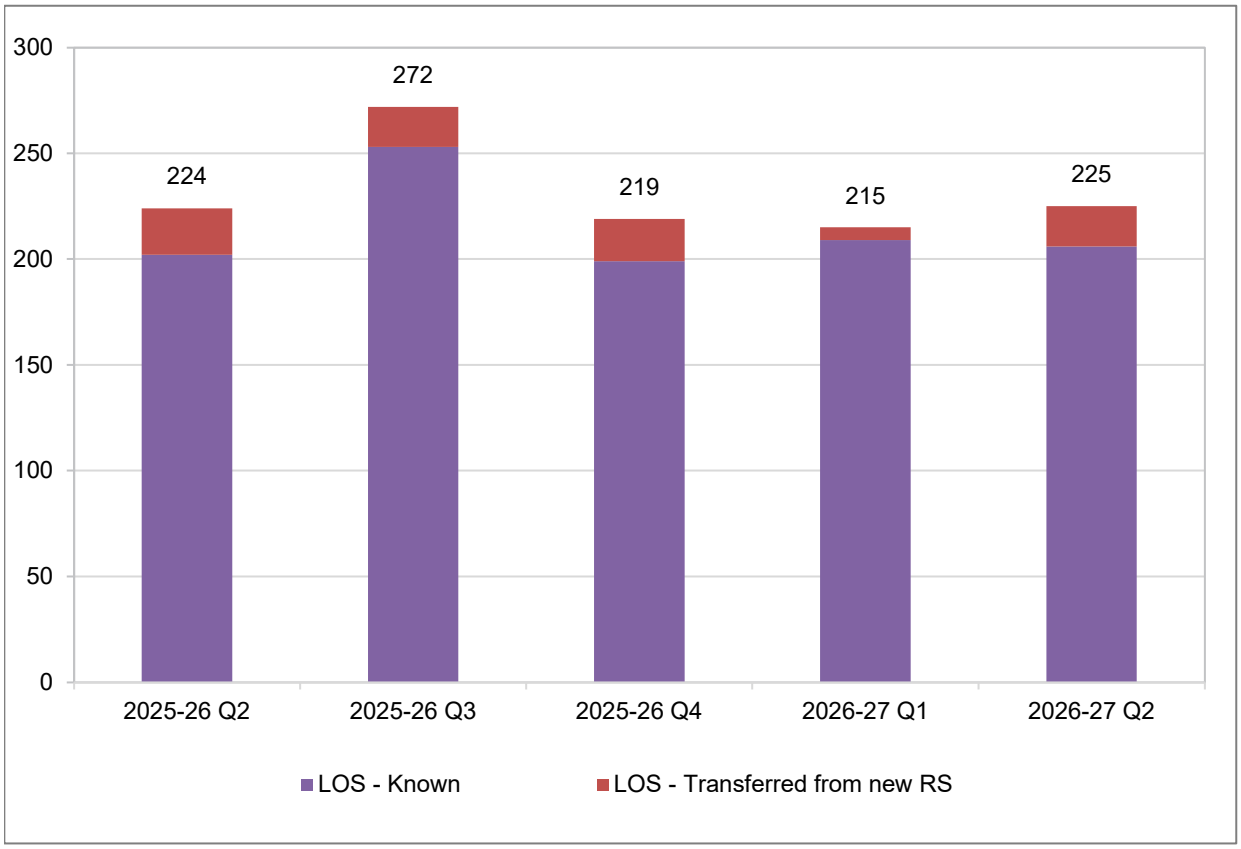

Table 2: New rough sleepers in 2026-27 Q2, by subcategory

Category	No. this period
New RS with no second night out	290
New RS with a second night out but not living on the streets	78
New RS joining living on the streets population	19
Total	**387**

New RS = New rough sleepers

Westminster: No One Living on the Streets

Chart 2: People living on the streets 2025-26 Q2 to 2026-27 Q2

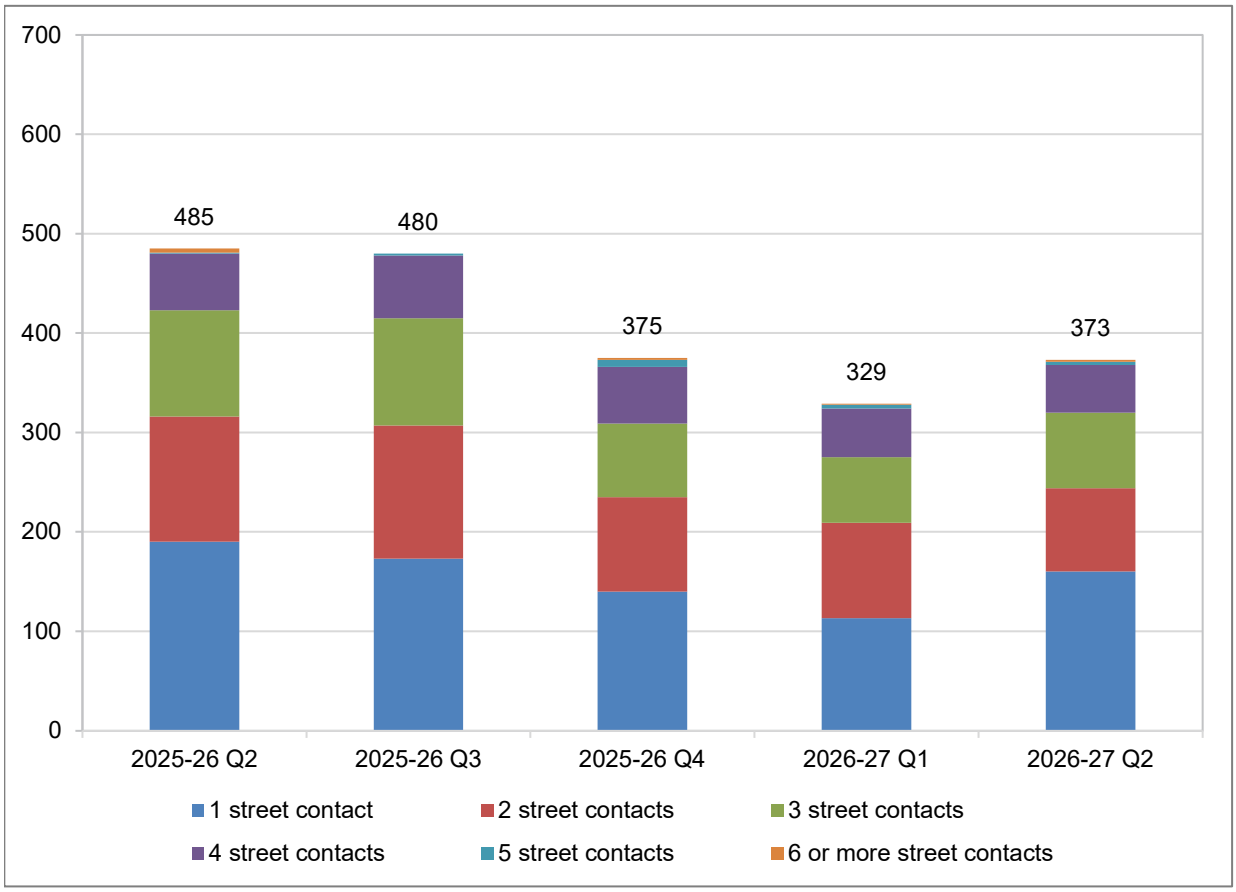

Note: Scale on this graph is greater than for other boroughs.

Table 3: People living on the streets in 2026-27 Q2, by subcategory

Category	No. this period
LOS - Transferred from new RS	19
LOS - Known	206
Total	**225**

Westminster: Intermittent Rough Sleepers

Chart 3: Intermittent rough sleepers 2025-26 Q2 to 2026-27 Q2

Note: Scale on this graph is greater than for other boroughs.

Table 4: Intermittent rough sleepers in 2026-27 Q2, by number of bedded down contacts during the period

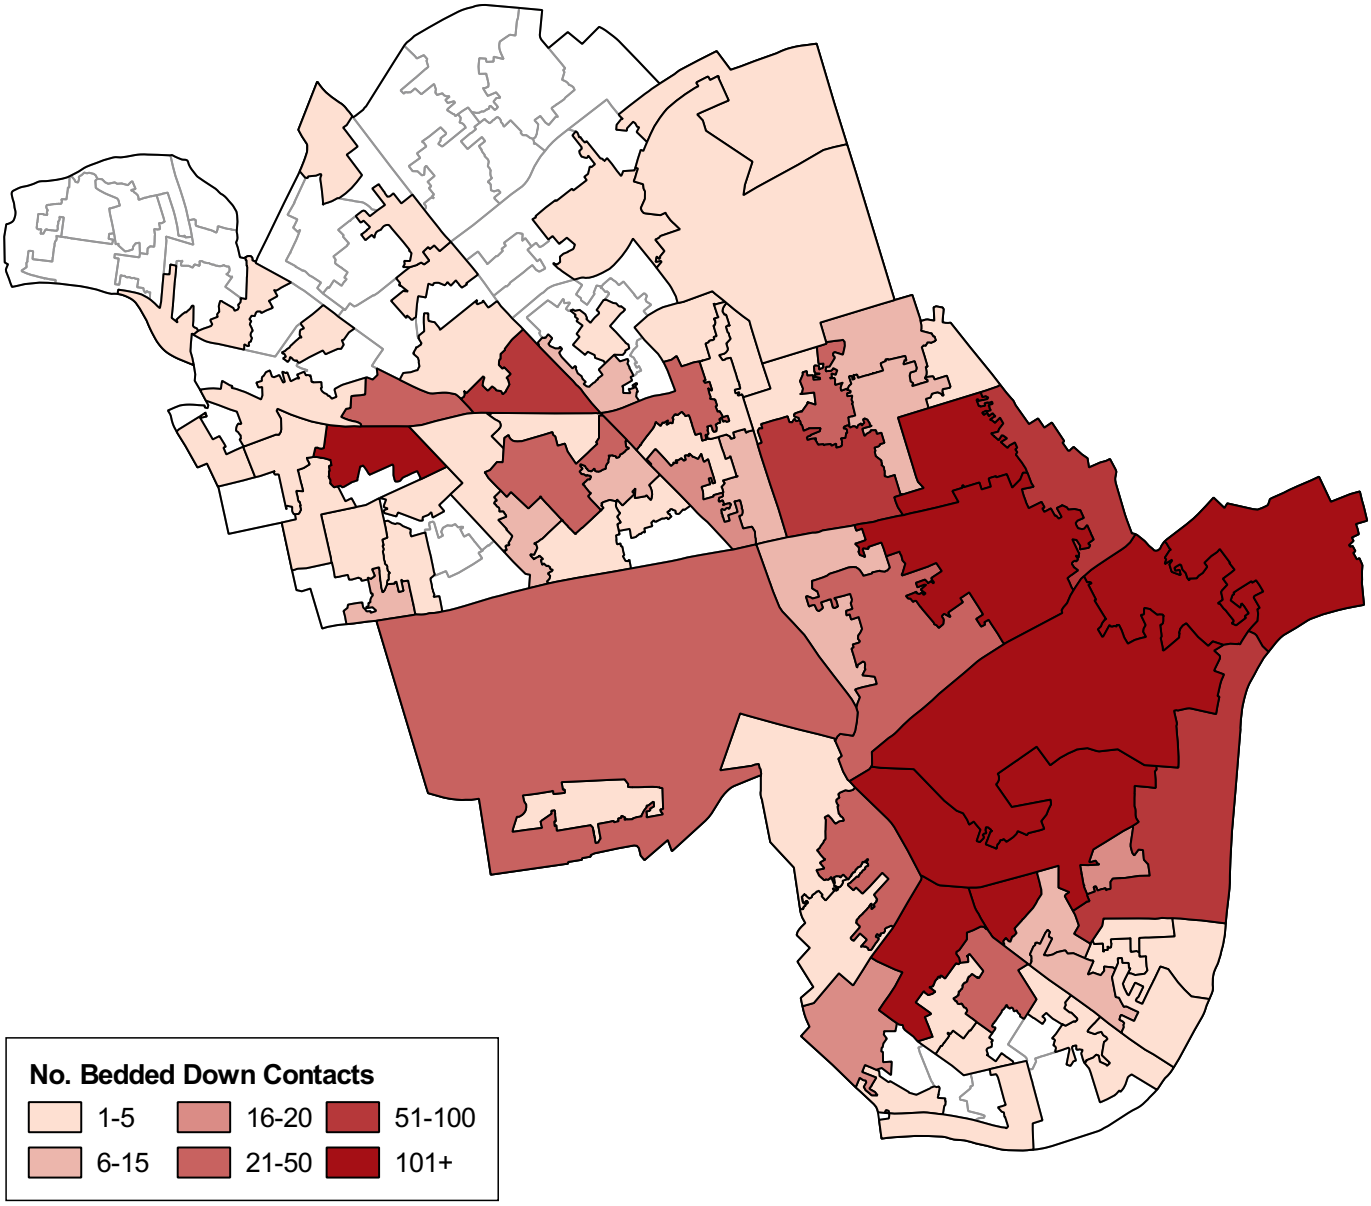

No. bedded down street contacts during this period	No. intermittent rough sleepers
1 street contact	160
2 street contacts	84
3 street contacts	76
4 street contacts	48
5 street contacts	3
6 or more street contacts	2
Total	**373**

3. SPATIAL DISTRIBUTION

Bedded down street contacts by area: Borough level

It is important to note that this represents volume of contacts rather than individuals, and some people may have been seen on multiple occasions within a given area.

Map 1: Number of bedded down street contacts recorded in each Lower Super Output Area in the borough during the period

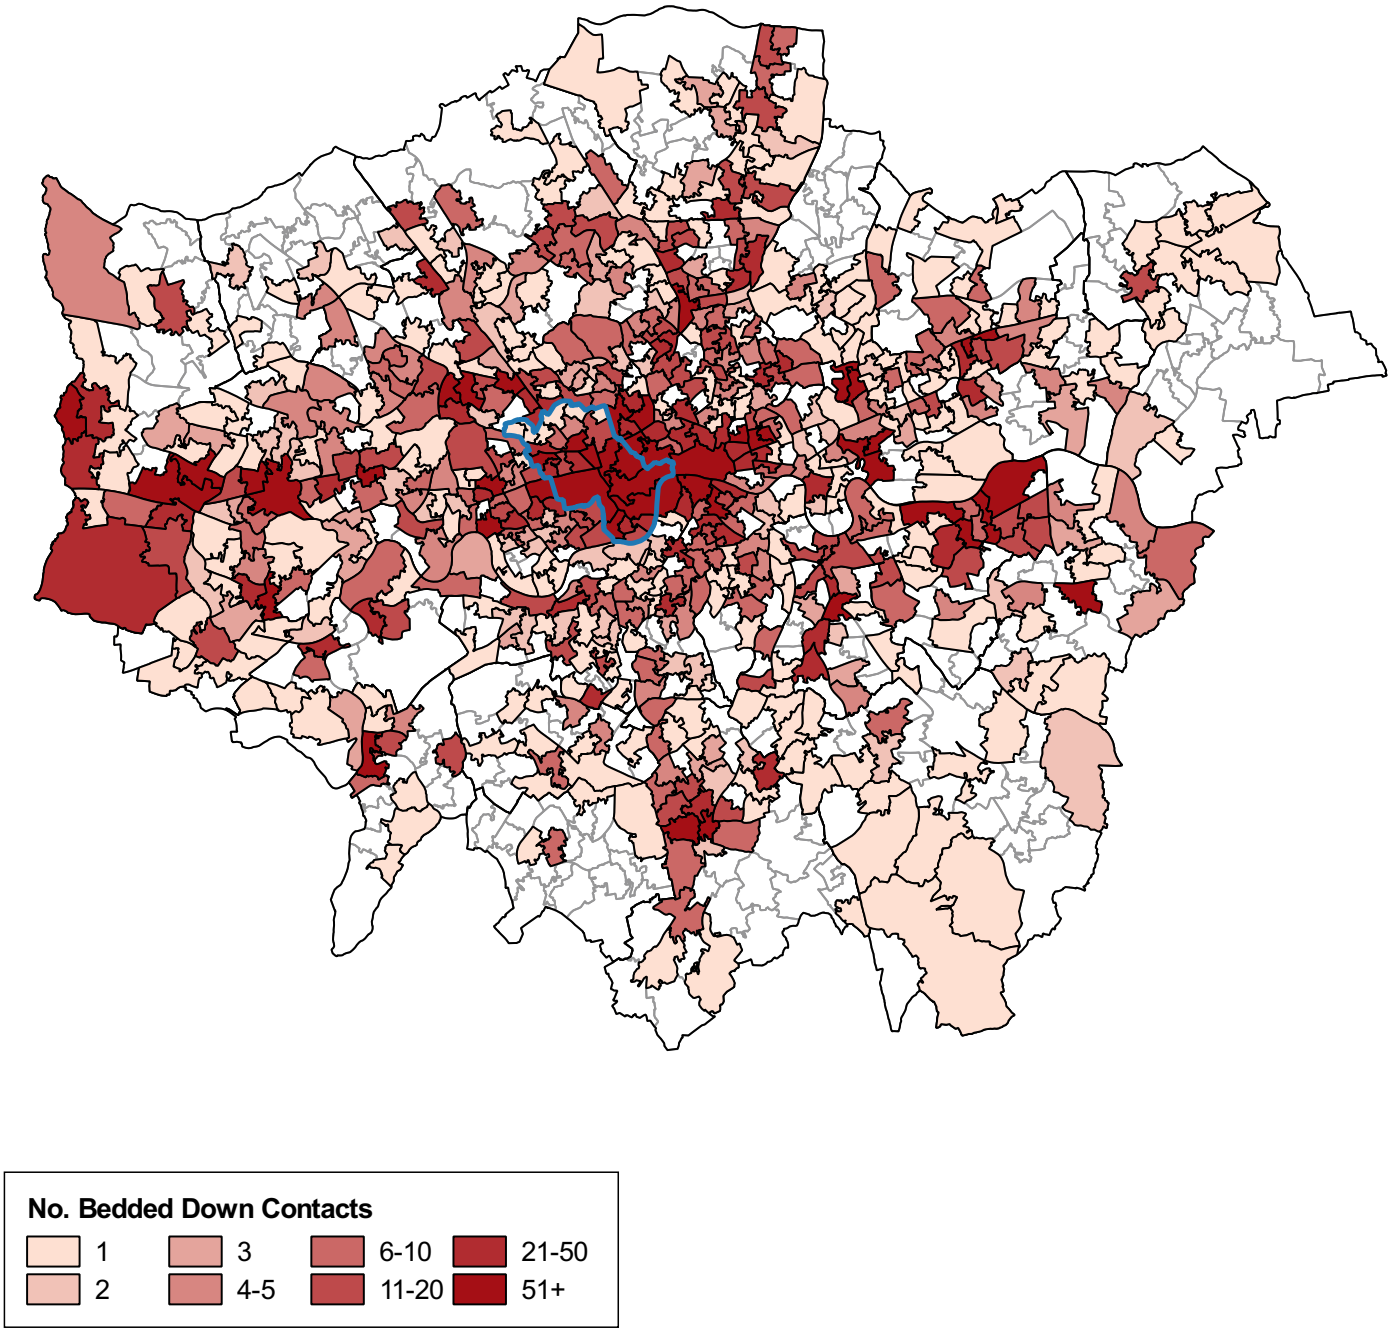

Contains National Statistics data © Crown copyright and database right 2026.
Contains OS data © Crown copyright and database right 2026.

Bedded down street contacts by area: Greater London level

It is important to note that this map represents volume of contacts rather than individuals, and some people may have been seen on multiple occasions within a given area. Recording of street contacts is to some extent influenced by outreach provision and practice, which can vary across local authority areas.

Map 2: Number of bedded down street contacts recorded in each Middle Super Output Area across Greater London during the period, with Westminster highlighted for comparison

Contains National Statistics data © Crown copyright and database right 2026.
Contains OS data © Crown copyright and database right 2026.

4. NATIONALITY

Nationality: Rolling figures

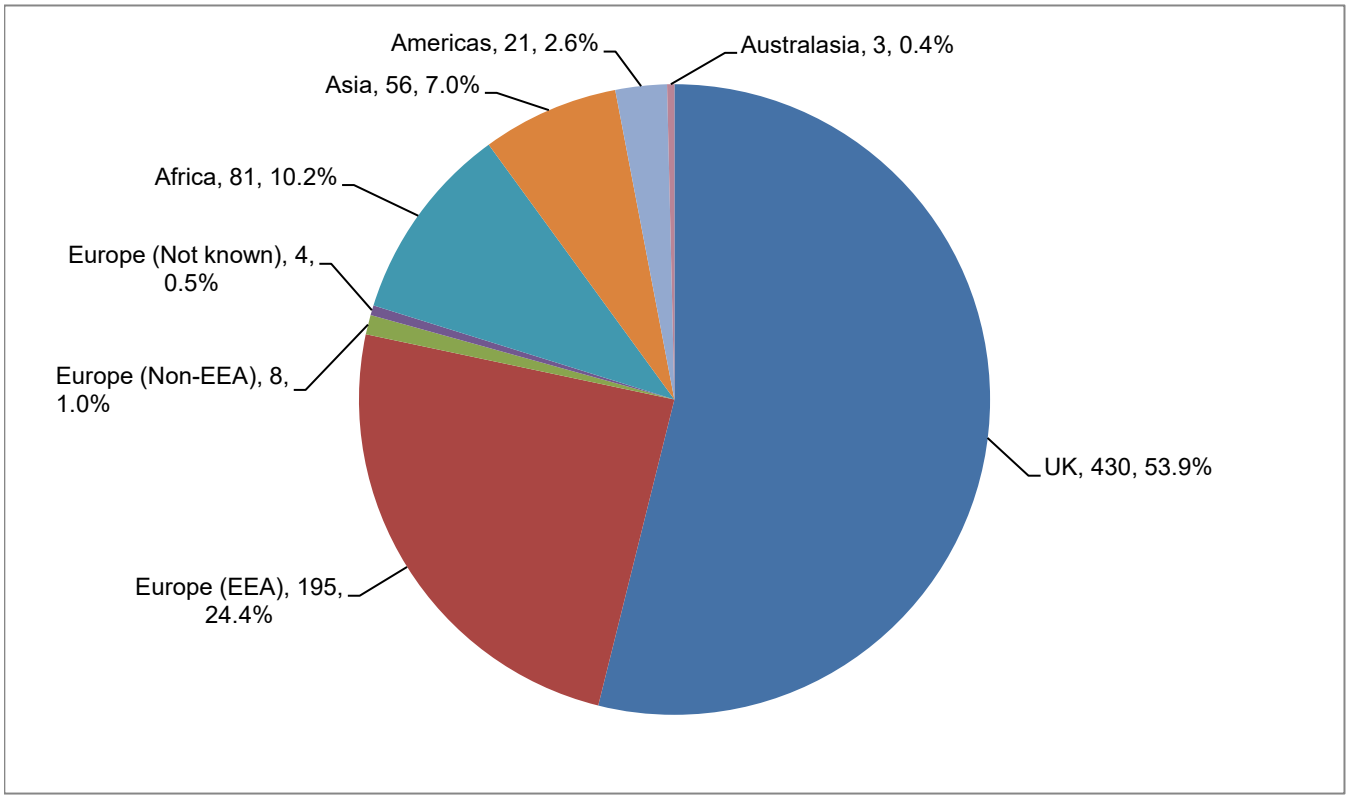

Table 5: People seen rough sleeping 2025-26 Q4 to 2026-27 Q2 by nationality

	Jan-Mar 26		Apr-Jun 26		Jul-Sep 26

Not known	*170*		*116*		*168*	
Total (excl. not known)	**717**	**100.0%**	**666**	**100.0%**	**798**	**100.0%**
Total (incl. not known)	887		782		966	

Total excluding not known is used as the base for percentages.

Nationality: Breakdown by area

Chart 4: People seen rough sleeping in 2026-27 Q2, by nationality

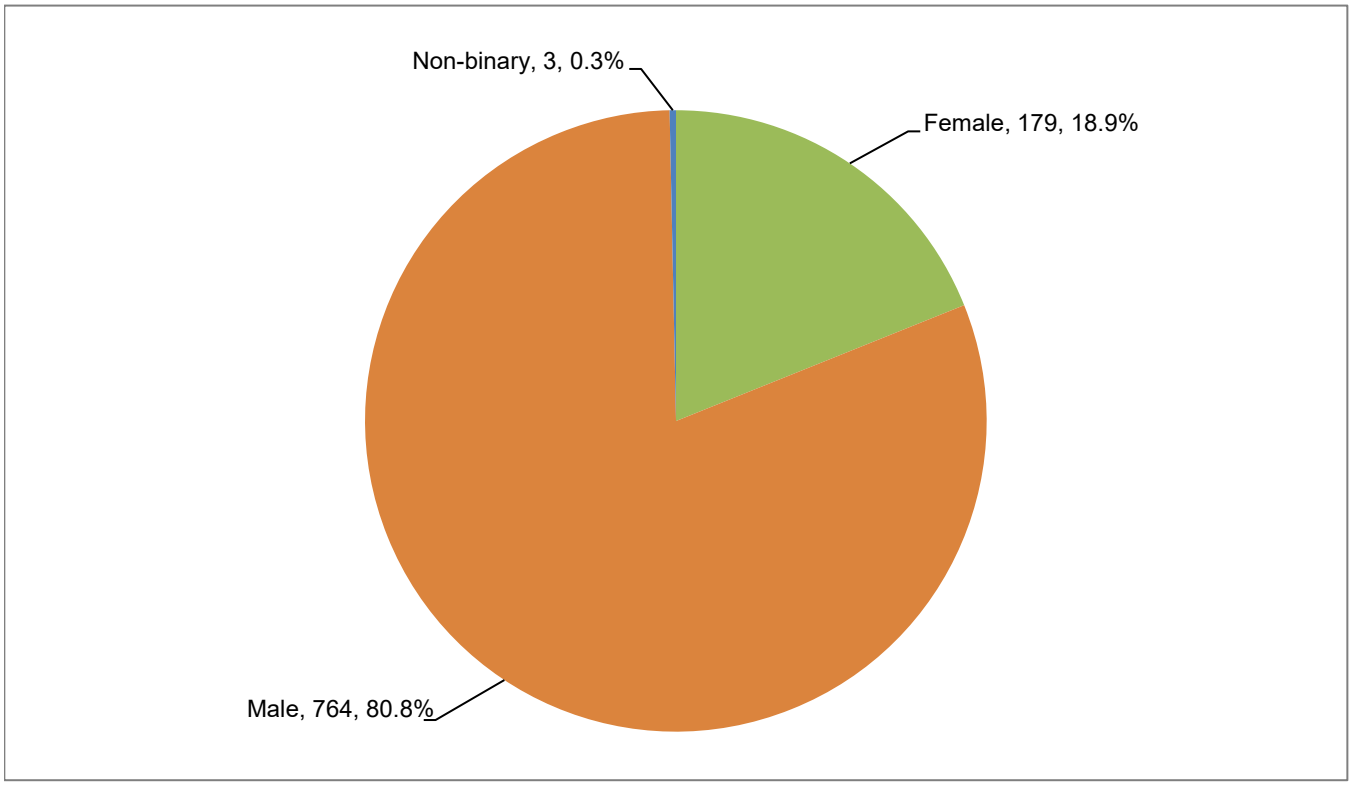

Base: 798 people seen rough sleeping during the period whose nationality was known. This excludes 168 people whose nationality was not known.

5. DEMOGRAPHICS

Gender

Chart 5: People seen rough sleeping in 2026-27 Q2, by gender

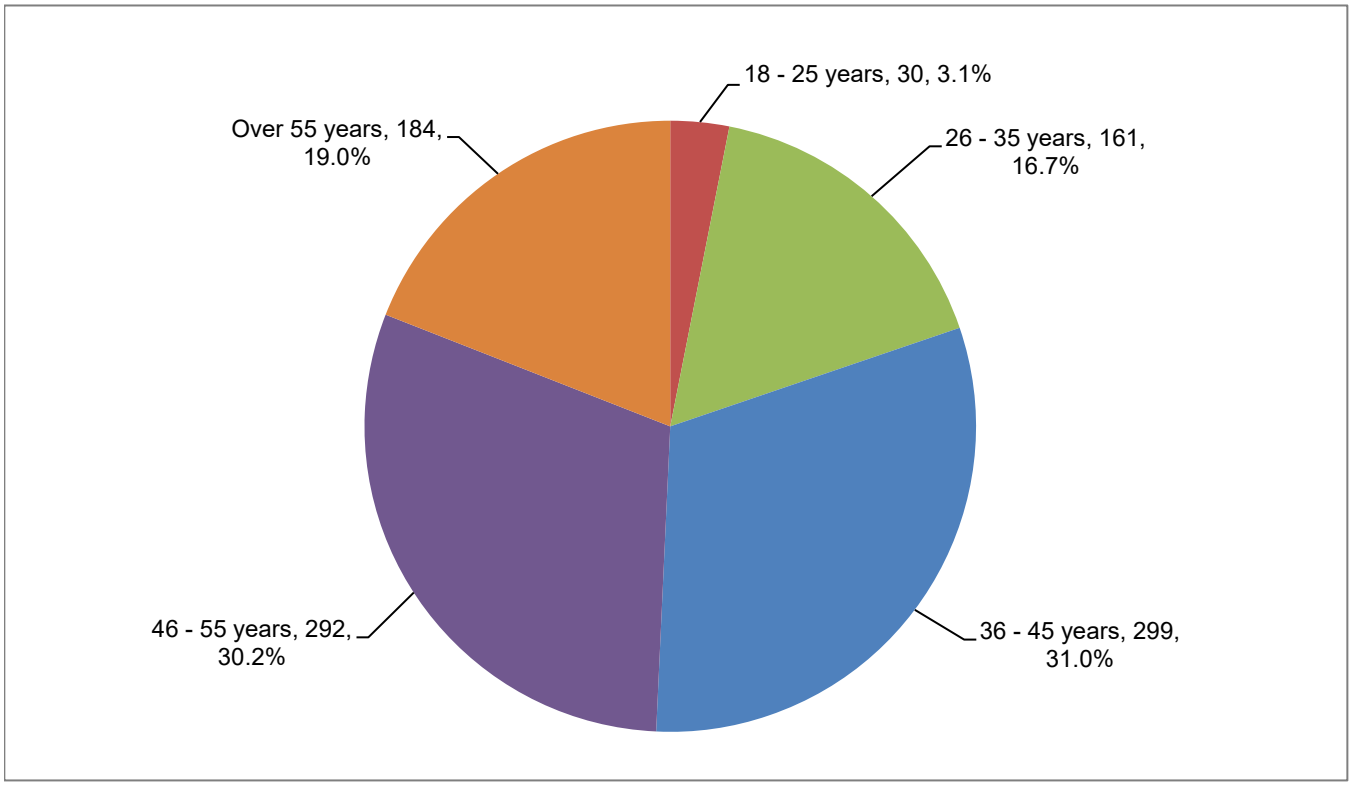

Base: 946 people seen rough sleeping during the period whose gender was known. This excludes 20 people whose gender was not known.

Table 6: People seen rough sleeping during 2026-27 Q2, by gender

Gender	No.	%
Female	179	18.9%
Male	764	80.8%
Non-binary	3	0.3%
Not known	20	
Total (excl. not known)	**946**	**100.0%**
Total (incl. not known)	**966**	

Age

Chart 6: People seen rough sleeping in 2026-27 Q2, by age

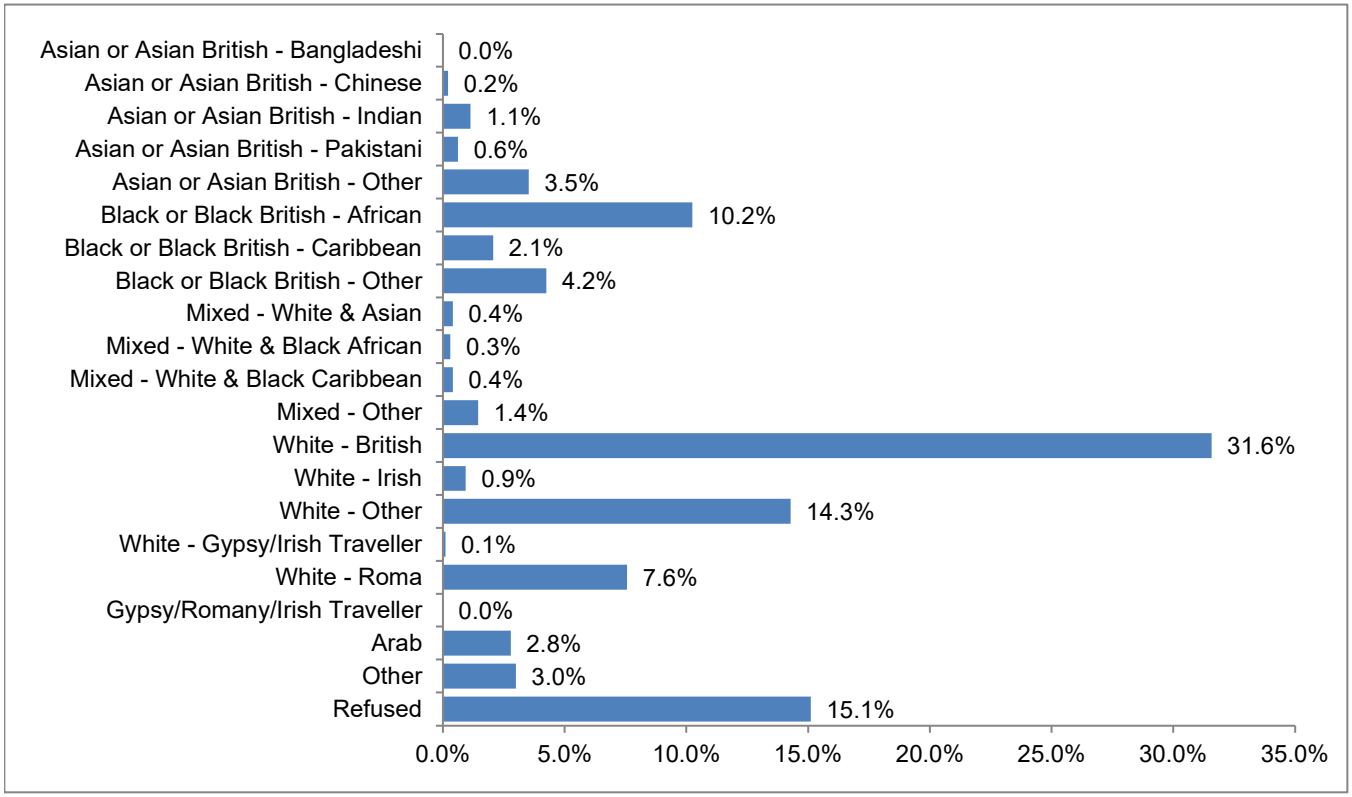

Base: 966 people seen rough sleeping during the period.

Table 7: People seen rough sleeping during 2026-27 Q2, by age

Age	No.	%
Under 18 years	0	0.0%
18 - 25 years	30	3.1%
26 - 35 years	161	16.7%
36 - 45 years	299	31.0%
46 - 55 years	292	30.2%
Over 55 years	184	19.0%
Total	**966**	**100.0%**

Ethnicity

Chart 7: People seen rough sleeping in 2026-27 Q2, by ethnicity

Base: 966 people seen rough sleeping during the period.

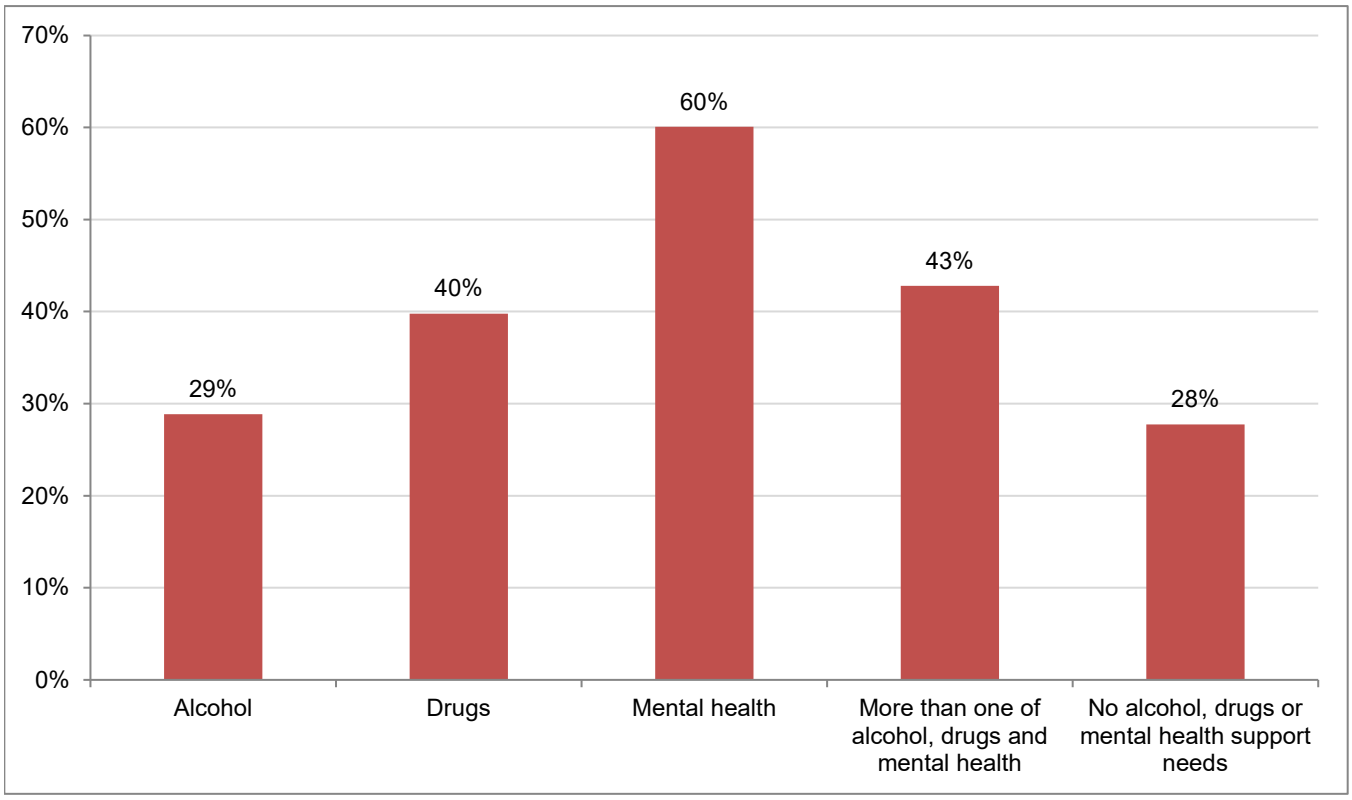

The previously employed category of 'Gypsy/Romany/Irish Traveller' was replaced with separate categories for 'White - Gypsy/Irish Traveller' and 'White - Roma' in April 2021. However, many people seen rough sleeping during the period may not have had their ethnicity information updated to reflect these new categories, so the original category is also included in the graph.

Table 8: People seen rough sleeping during 2026-27 Q2, by ethnicity

Ethnicity	No.	%
Asian (incl. Chinese)	53	5.5%
Black	160	16.6%
Mixed	25	2.6%
White (incl. Gypsy/Irish Traveller/Roma)	526	54.5%
Arab/Other	56	5.8%
Refused	146	15.1%
Total	**966**	**100.0%**

6. SUPPORT NEEDS

Chart 8: People seen rough sleeping in 2026-27 Q2, by support needs

Base: 631 people seen rough sleeping during the period who were assessed for at least one of the three support needs. This excludes 335 people for whom none of the three needs were assessed.

Table 9: People seen rough sleeping in 2026-27 Q2, by support needs

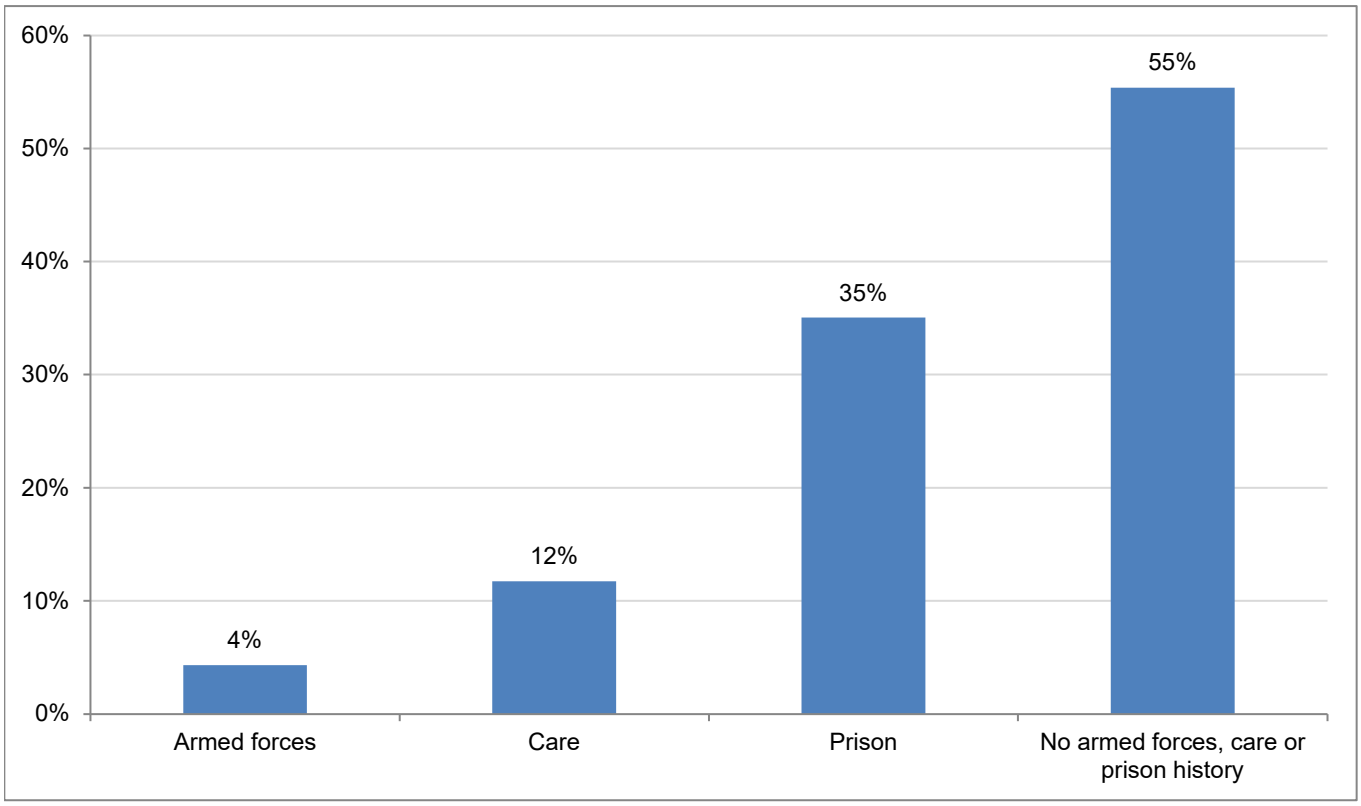

Support need	No.	%
Alcohol	182	28.8%
Drugs	251	39.8%
Mental health	379	60.1%
More than one of alcohol, drugs and mental health	270	42.8%
No alcohol, drugs or mental health support needs	175	27.7%
Total (excl. not assessed)	**631**	
Total (incl. not assessed)	**966**	

Base for percentages is people seen rough sleeping during the period who were assessed for at least one of the three support needs.

7. INSTITUTIONAL & ARMED FORCES HISTORY

The chart below indicates the proportions of people seen rough sleeping in Westminster during the period who had experience of spending time in prison or in local authority care as a young person, or of serving in the armed forces. This information indicates whether individuals have ever spent time in one of these settings, and does not necessarily imply that this was recent. It can include time spent in one of these settings in any country, and does not necessarily imply that it was in the UK.

Chart 9: People seen rough sleeping in 2026-27 Q2, by experience of armed forces, care or prison

Base: 605 people seen rough sleeping during the period who were assessed for at least one of the three support needs. This excludes 361 people for whom none of the three needs were assessed.

Table 10: People seen rough sleeping in 2026-27 Q2, by institutional and armed forces history

Type of history	No.	%
Armed forces	26	4.3%
Armed forces - UK nationals	15	2.5%
Care	71	11.7%
Prison	212	35.0%
No armed forces, care or prison history	335	55.4%
Total (excl. not assessed)	**605**	
Total (incl. not assessed)	**966**	

Base for percentages is people seen rough sleeping during the period who were assessed for at least one of the three histories.

8. ACCOMMODATION OUTCOMES

Bookings into accommodation achieved by outreach teams and other borough based support services during the period. People included in these figures will have been seen rough sleeping at some point in their history, but not necessarily during the reporting period.

Table 11: Accommodation outcomes achieved during 2026-27 Q2, compared to 2026-27 Q1, by number of people

	Apr-Jun 26	Jul-Sep 26
Outcome	**No. people**	**No. people**
Booked into accommodation	127	109
Booked into hub, shelter or emergency accommodation	61	46
Booked into temporary accommodation	70	69
Booked into long-term accommodation	3	1

Some people may have been booked into more than one type of accommodation during the period.

Table 12: Accommodation outcomes achieved during 2026-27 Q2, compared to 2026-27 Q1, by number of outcomes

	Apr-Jun 26		Jul-Sep 26	
Accommodation type	**No. events**	**%**	**No. events**	**%**
Hubs, shelters and emergency accommodation				
Hub	37	25.0%	31	25.6%
SWEP (Local)	25	16.9%	10	8.3%
SWEP (Pan-London)	0	0.0%	0	0.0%
Winter/night shelter	2	1.4%	2	1.7%
Other	0	0.0%	4	3.3%
Hubs, shelters and emergency accommodation subtotal	*64*	*43.2%*	*47*	*38.8%*
Temporary accommodation				
Assessment centre	47	31.8%	38	31.4%

Private rented sector - with some floating support	1	0.7%	0	0.0%
Sheltered housing/registered care accommodation	0	0.0%	0	0.0%
Supported accommodation (long-term)	1	0.7%	0	0.0%
Other	0	0.0%	0	0.0%
Long-term accommodation subtotal	*3*	*2.0%*	*1*	*0.8%*
Total	**148**	**100.0%**	**121**	**100.0%**

An individual may have been booked into accommodation more than once during the period.

9. METHODOLOGY

CHAIN quarterly reports employ the methodology of assigning people seen rough sleeping during the period to categories, based on the following factors:

- Whether they were seen rough sleeping for the first time during the period
- How many times they were seen rough sleeping during the period
- Number of days elapsed between first and last time they were seen rough sleeping during the period

A further explanation of the individual categories follows.

New rough sleepers

People who were seen rough sleeping for the first time during the period. The total number of new rough sleepers is broken down into those who were seen just once and did not have a second night out, those who were seen on several occasions, but as yet have not been on the streets long enough to count as 'living on the streets', and those new to the streets who remained there long enough to fulfil the criteria for 'living on the streets' (outlined below).

Living on the streets (LOS)

With the designation 'living on the streets' we refer to people who have stayed on the streets after arriving, and are entrenched or at risk of becoming so. In determining who is counted as living on the streets we have used a combination of time on the streets (three or more weeks between the earliest and latest bedded down contact) and number of bedded down contacts (five or more contacts) during the period we are reporting on. If a person is seen bedded down six times, but only during one week, he or she does not count. If a person has four bedded down contacts, but spread over two months, he or she would also not count. To be counted, an individual must have both elements.

The reporting period covers three months. However, to ensure that we do not miss those whose rough sleeping crosses over reporting periods, we look back for the three weeks immediately before the start of the three month reporting period. For an individual in these circumstances, if they are not seen again, he or she will not be reported living on the streets in the next period.

The LOS total will include some who were new to the streets in the period, but whose stay extended beyond three weeks and who were seen bedded down at least five times - these are transferred from the new rough sleeper figures (shown in red in both section one and two of the report).

It is important to note that an individual who is included in the LOS total will not necessarily have been living on the streets for the entirety of the quarter in question, but they were living on the streets for a significant period during the quarter. The LOS total will also include some who are no longer on the streets, having gone into accommodation (or disappeared). They will not appear in the subsequent LOS total. An individual will only count as LOS during a period in which they meet the above criteria.

Intermittent rough sleepers

Intermittent rough sleepers are those people who are not new in this period, and have not been seen rough sleeping enough to be deemed living on the streets. This group includes those who sleep rough periodically for very short periods. It also will include those who return to the streets for a longer period (but, in this period, less than the 'living on the streets' definition). Those that go on to be living on the streets will appear in that category in the next period.
