## London Crime – A National Picture

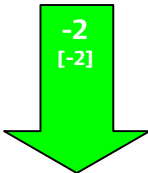

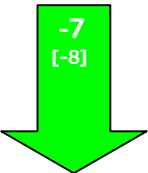

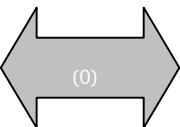

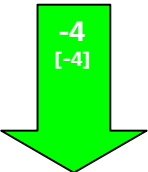

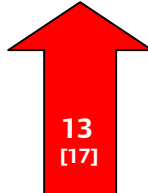

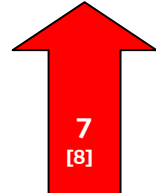

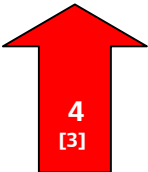

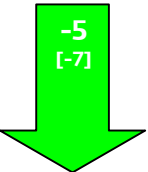

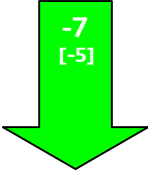

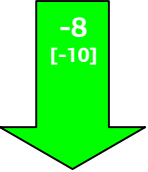

Changes over the twelve months to September 2010

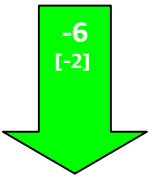

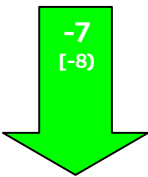

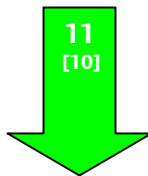

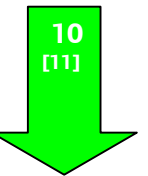

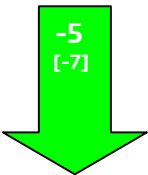

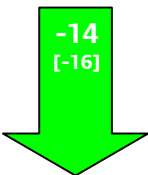

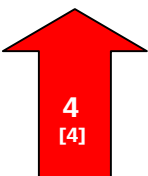

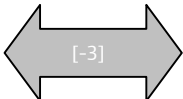

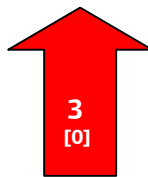

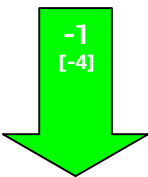

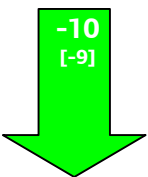

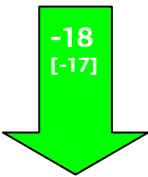

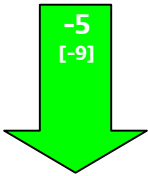

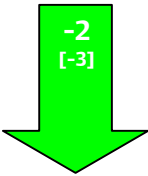

# Strategic Crime Analysis @ GLA INTELLIGENCE UNIT

In response to the publication of the Home Office 'Crime in England and Wales, Quarterly Update to September 2010' published on the 20<sup>th</sup> January 2011, please find below headline changes for how London fares in key national crime indicators for the period Oct09-Sep10 compared with the previous 12 months. Figures from the previous report covering the period Jul09-Jun10 are shown in [brackets].

All data is taken from the Home Office publication with Borough levels taken from the LASS Metropolitan Police data export.

	London change %	England & Wales Change %	London as % of Eng & Wal	Rate / 1000 compared with other forces	Highest Borough increase %	Highest Borough decrease %
