

# Data Note

Subject LGBTQ+ Venues  
Project London's Cultural Spaces: 2018-2022  
Date 13.01.2023

## LGBTQ+ Venues

Definition: Buildings used as cultural venues which operate at night time for use by the LGBTQ+ community. This also includes venues that regularly programme LGBTQ+ nights.

## Overview

50 LGBTQ+ venues have been recorded in 2022, compared to 51 in 2019, with 5 spaces closing and 4 new sites opening. They are mostly found in Inner London, particularly in Soho with a smaller cluster in Vauxhall. Despite concerns regarding the rapid decline in number of LGBTQ+ venues across London in recent years, current data shows a relatively moderate 2% decrease in number of spaces in three years.
