

Adult Education Budget Data Publication – Methodology Information

12 June 2020

About this document

This document provides a range of information on the methodology used to produce GLA AEB Data Publications. It provides an overview of the data used, along with information on data issues, data definitions and the publication cycle.

Introduction

This methodology document provides an overview of the Adult Education Budget (AEB) data used in the production of statistics. It provides information on the methodology used, as well as information on the data sources, data issues and data definitions.

Scope

The GLA's first AEB release provides a coherent and comprehensive picture of the participation and achievement of adults in London. It includes adult (19+) education provided by the following institutions:

- General FE Colleges (including Tertiary),

- Other Public Funded¹,
- Private Sector Public Funded²,
- Special Colleges³, and
- Sixth Form Colleges.

These organisations deliver a variety of GLA-funded programmes, including:

- Adults Skills, and
- Community Learning.

Current GLA AEB delivery excludes apprenticeships, traineeships, advanced learner loans, the offender learning and skills service, and education and training services funded by the Education and Skills Funding Agency.

Data Sources and Methodology Information

The key data used to produce AEB Data Publications are Single Individualised Learner Records (ILR) collections provided to the GLA by the ESFA, Funding Claims submitted by providers to the GLA and Funding Summary Report, provided to the GLA by the ESFA.

The following data files have been used to produce GLA's first AEB release of mid-year data:

- Single Individualised Learner Records data (SILR R06), which includes mid-point academic year data for 2019/20 (August 2019 to January 2020),
- Funding Claims (mid-year 2019/20), and
- Funding Summary Report (FSR R06), which includes mid-point academic year data for 2019/20 (August 2019 to January 2020).

It should be noted that in-year data is subject to a data lag and future reconciliation. They should be treated with caution and as provisional estimates. Final year data will provide the most comprehensive picture of delivery.

¹ Other Public Funded includes Central Government Department, Central Government NDPB, Public Corporations & Trading Funds, Local Education Authority (LEA), Social Services, Other Local Authority, Police Authority, Fire Authority, Local Authority Dept, Local Authority, NHS-English Foundation Trust, NHS-English Non Foundation Trust, NHS-Other Organisations, Independent school or college, UFI Directly Funded Hub, Dance and Drama School, External Institution, Higher Education Organisation, School Sixth Form (not college), Special learning needs establishment, Other Public Organisation, Charitable, Non-Charitable, Other Voluntary Organisation, LSC Region, Special College, Academies, External Institution, Institution funded by other Govt Dept, University Technology College.

² Private Sector Public Funded includes Community Interest Company, Company Incorporated by Royal Charter (England/Wales), Employer Association, Independent Association, Industrial/Provident (England/Wales), Limited Liability Partnership, Limited Partnership, PRI/LBG/NSC/S.30, PRI/LTD BY GUAR/NSC, Private Limited Company, Private Unlimited Company, Public Limited Company, Sole Trader, Trade Union, Chamber of Commerce / Trade, Organisation in Business in its own right, Other Private Organisation, Business Link.

³ Special Colleges include Agriculture and Horticulture Colleges; Art, Design and Performing Arts Colleges and Specialist Designated Colleges.

ILR background information

The Education and Skills Funding Agency publish a large range of information relating to the ILR, which includes technical documents that specify the ILR data which publicly funded providers must collect and return. This also includes information to help further education providers collect, return and check the quality of ILR and other learner data.

All information and documents are published on GOV.UK at:

<https://www.gov.uk/government/collections/individualised-learner-record-ilr>

Methodology Information

Records included in GLA publication figures

All records which meet the following criteria have been included in the dataset used to calculate the figures that the GLA publishes:

- Source of Funding is the Greater London Authority (code 116);
- Learning is active at any point in publication period; and
- Learning must match agreement type that provider has with the GLA⁴.

Definitions and SILR Variables used

Learner and/or Learning Attribute	SILR Variable	Notes ⁵
Adult Skills	FundModel	FundModel = 35
Community Learning	FundModel	FundModel = 10
Level	D_Notionlev_V2	See codes in standard file specification
Sector Subject Area (Tiers One and Two)	D_SecSubjAreaTier2	See codes in LARS dataset (Learning Aims Reference Service)
Basic Skills	D_BSkillType	See codes in standard file specification ; English = Literacy (D_BSkillType = 1) Maths = Numeracy (D_BSkillType = 2) ESOL = Language (D_BSkillType = 3); If D_BSkillType is 1, 2 or 3, then learning is counted as Basic Skills
Learner Home Local Authority District (LAD)	LSDPostcode	Matched to LAD using ONS Postcode Directory (ONSPD), November 2019) ⁶

⁴ E.g. if learning is identified as procured (any DAM code equal to 002), then the provider must have a procured contract for services. If learning is not identified as procured, then provider must have received a grant allocation.

⁵ For further detail on any of the variables, see the [ILR specification, accompanying appendices, and provider support manual](#).

⁶ See further information on [ONS postcode products](#)

Sex	Sex	Banded into 19-23, 24-49, and 50+
Ethnicity Group	Ethnicity	See codes in standard file specification ; groupings made in accordance with gov.uk guidance on ethnicity groups .
BAME	Ethnicity	Defined using ethnicity group definition above BAME: Mixed / Multiple ethnic groups, Asian / Asian British, Black / African / Caribbean / Black British, or Other ethnic group; White: White
Age	L_Age	Banded into 19-23, 24-49, and 50+
Employment status prior to enrolment	L_EmpstatPrior	Employment status prior to enrolment is based on self-declaration by the learner, as reported in the Individualised Learner Record (ILR). This is variable is an indicative measure of employment status, but is not sufficient to adequately deduce whether a person is employed, unemployed, or economically inactive, since the full suite of contextual questions needed to do so are not asked. Further, this data is not required for learners enrolled only in Community Learning. See codes in standard file specification .
Learner considers self to have a learning difficulty and/or disability and/or health problem	LLDDHealthProb	Yes; LLDDHealthProblem = 1 No; LLDDHealthProblem = 2
Receives learner support	L_LSR1, L_LSR2, L_LSR3, L_LSR4	Learner support must be one of the types referenced in the GLA 2019/2020 Funding and Performance Management Rules (hardship funding, 20+ childcare funding, or residential access funding). Any of L_LSR1, L_LSR2, L_LSR3, or L_LSR4 equal to any of 58, 59 or 60.
Provider receives disadvantage uplift funding	DisUpFactAdj	Yes (DisUpFactAdj > 1); No (DisUpFactAdj not > 1) Community Learning records are not included, as they do not have a disadvantage uplift factor adjustment.

Household situation	D_HHS1, D_HHS2	<p>No household member is in employment and the household includes one or more depending children; D_HHS1 or D_HHS2 equal to 1</p> <p>No household member is in employment and the household does not include any dependent children; D_HHS1 or D_HHS2 equal to 2</p> <p>Learner lives in single adult household with dependent children; D_HHS1 or D_HHS2 equal to 3</p> <p>The first and third categories - 'No household member is in employment and the household includes one or more dependent children' and 'Learner lives in a single adult household with dependent children' - are not mutually exclusive and a record may be counted in both categories.</p>
Achievement statistics	Outcome	See codes in standard file specification .
Level 2 Entitlement	FFI, LearnAimRef, D_AgeAimStart, PriorAttain, D_Notionlev_V2, LearnStartDate	<p>To be counted as a Level 2 Entitlement the following conditions must be met:</p> <ol style="list-style-type: none"> 1. Learning must be fully funded (FFI = 1)⁷; 2. Learning aim (LearnAimRef) must be on the L2/L3 entitlement list and learning start date (LearnStartDate) must be between or on approval start and end dates; 3. Prior attainment must be below full level 2 (No qualifications, Entry level, Other qualifications below Level 1, Level 1; PriorAttain equal to any of 99, 9, 7, 1); and 4. Age at learning start must be between 19 and 23, inclusive ($19 \leq D_AgeAimStart \leq 23$).
Level 3 Entitlement	FFI, LearnAimRef, D_AgeAimStart, PriorAttain,	<p>To be counted as a Level 2 Entitlement the following conditions must be met:</p> <ol style="list-style-type: none"> 1. Learning must be fully funded (FFI = 1)⁸; 2. Learning aim (LearnAimRef) must be on the L2/L3 entitlement list and learning start date (LearnStartDate) must be between or on approval start and end dates;

⁷ FFI is not returned for Community Learning, so this effectively limits the definition to Adult Skills

⁸ FFI is not returned for Community Learning, so this effectively limits the definition to Adult Skills

	D_Notionlev_V2, LearnStartDate	<ol style="list-style-type: none"> 3. Prior attainment must be below full level 3 (No qualifications, Entry level, Other qualifications below Level 1, Level 1, Full level 2; PriorAttain equal to any of 99, 9, 7, 1, 2); and 4. Age at learning start must be between 19 and 23, inclusive ($19 \leq D_AgeAimStart \leq 23$).
English & Maths Entitlement	FFI, LearnAimRef, LearnStartDate, D_BSkillType	<p>To be counted as English & Maths Entitlement, the following conditions must be met:</p> <ol style="list-style-type: none"> 1. Learning must be fully funded (FFI = 1)⁹; and 2. Learning aim (LearnAimRef) must be on the English & Maths entitlement list and learning start date (LearnStartDate) must be between or on approval start and end dates. <p>English Entitlement and Maths Entitlement is determined by D_BSkillType (1 for English, 2 for Maths).</p>
Community Learner Type	ASL	See codes in standard file specification .

⁹ FFI is not returned for Community Learning, so this effectively limits the definition to Adult Skills

Statistical Disclosure Controls

- **Headline tables**
 - Counts suppressed below 50, rounded to nearest 100
 - Funding suppressed below £1000, rounded to nearest £1000
- **Supplementary breakdowns**
 - Counts suppressed below 5, rounded to nearest 10
 - Funding suppressed below £1000, rounded to nearest £1000

Key Definitions

Adult Education Budget: The Adult Education Budget (AEB) funds education and training for adults aged 19 and above. Some of these qualifications funded through the AEB include basic English and maths skills, basic digital and adult community learning.

These courses are delivered by a range of different providers, including:

- further education colleges
- local authorities
- independent training providers
- institutes for adult learning
- sixth form colleges
- universities

The Mayor of London is taking over responsibility for the Adult Education Budget from the government starting in the academic year 2019/20¹⁰.

Issues with in-year data

This release reflects provider R06 data submissions, which may be subject to data recording and/or reporting issues. As a result, where delivery numbers may seem below expectations, it is not possible to ascertain in advance of the final data submission what constitutes an issue with performance vs in-year data submissions.

In-year information is subject to data lag, which is when a provider submits information after the period it related to. This information is subsequently attributed to the correct time period. Data are subject to data lag until final returns for the academic year are made by providers, after the end of the academic year. Final data for each academic year (August to July) are published in the following November. The size of revision to individual estimates that arise from data lag can vary greatly.

¹⁰ The academic year runs from 1st August to 31st July.

As provider behaviour can change over time the data lag from one year to the next may not be consistent. Year on year in-year data comparisons should therefore be treated with some caution. The Department for Education and the GLA recommend using final data for the last complete academic year for analysis of changes over time.

Funding / Delivery to date figures:

Note that these refer to provisional in-year data. The following data files have been used to produce expenditure figures in this release:

- Single Individualised Learner Records data (SILR R06), which includes mid-point academic year data for 2019/20 (August 2019 to January 2020),
- Funding Claims (mid-year 2019/20), and
- Funding Summary Report (FSR R06), which includes mid-point academic year data for 2019/20 (August 2019 to January 2020).

In addition, GLA payments are in accordance with the Standard National Profile for AEB Grant-Funded Providers and final reconciliation applies at the end of the academic year subject to the arrangements agreed by the Mayor for that year. Therefore, funding figures should not be considered a financial statement of the GLA liabilities to date. For more information on grant and procured payment and reconciliation processes please see:

<https://www.london.gov.uk/what-we-do/skills-and-employment/skills-londoners/adult-education-budget/information-gla-aeb-providers#acc-i-57898>

Learners in receipt of low wage:

Data on learners in receipt of low wage will be published in subsequent releases as the GLA is currently reconciling in-year numbers and related statistics.

Publication cycle across the year

In early 2020, the AEB Mayoral Board agreed that AEB programme data should be published following the Department for Education's Further Education and Skills data publication and in line with the UK Code of Practice for Official Statistics (which the GLA has signed up to on a voluntary basis).

The GLA will be publishing on a quarterly basis. The first GLA publication, including London level figures only, has been delayed from May to 12 June 2020 due to the COVID-19 crisis. This mid-point academic year delayed publication has been approved by the GLA's Chief Statistician, currently the Demography and Policy Analysis Manager and pre-announced in the official channel.

A more complete set of statistics, including sub-regional and Borough figures, is expected to be published in the subsequent quarterly releases i.e. starting from the ILR data return "R10" (i.e. third quarter 2019/20 academic year) onwards.

General Footnotes relevant to all tables

- Counts have been rounded to the nearest 100 and * indicates a value of less than 50.
- Counts have been rounded to the nearest 10 and * indicates a value of less than five.
- Funding has been rounded to the nearest £1000 and * indicates a value of less than £1000.
- Unless otherwise stated, all data is drawn from the 2019/2020 R06 SILR, as provided to the GLA by the ESFA

Get in Touch

Media enquiries

These contact details are for journalist enquiries only.

Following the latest instructions from the Government to limit non-essential travel to help control the spread of the COVID-19 virus the Mayor of London's press office is currently working remotely.

During this time all media enquiries should be emailed and we will continue to respond as quickly as possible.

Email: mayorspressoffice@london.gov.uk

For urgent media enquiries outside office hours and at weekends please call: 020 7983 4000 and ask for the duty press officer.
