Quarter 2 – 2020/21 Financial Year

ABOUT THIS DOCUMENT

This document sets out the performance of London Fire Brigade during the 2019/20 (1 April 2019 to 31 March 2020).

The information about our performance is organised according the three strategic aims as set out in our London Safety Plan (LSP) 2017-2020.

As part of the LSP, the London Fire and Emergency Planning Authority (LFEPA) agreed a suite of performance indicators (with targets) and service measures (without targets). The indicators, which include some headline performance measures, are the performance measures to show progress in achieving the commitments set out in the LSP. The context measures (which do not have targets) provide background and show the volume of a particular activity, but no specific action is proposed to manage performance. Where available, data is provided for each month from April 2013 (2013/14 year) together with associated targets for performance indicators. This LSP runs for four years.

The Brigade's overall objectives are set out in the LSP which is available **here**.

For queries about this document call the LFB Information Management on 020 8555 1200 (x 30352) or email david.wyatt@london-fire.gov.uk

OUR AIMS

Our vision is to be a world class fire and rescue service for London, Londoners and visitors.

Our work is broadly delivered under three aims:

Aim 1 - Prevention and Protection

Aim 2 - Response and Resilience

Aim 3 - People and Resources

ABOUT OUR INDICATORS

In order to measure how well LFB is doing against its commitments set out in the London Safety Plan (LSP) we group our data into the following categories:

Performance Indicators (PIs), which have targets.

Context measures, which do not have targets but we are still interested in the figures.

We have three types of **Performance Indicator** with targets:

Headline targets – agreed as part of the new LSP, these are focussed on our service delivery priorities in respect of prevention and protection, and resilience and response. These are largely 'outcome' indicators (e.g. fewer fires, fewer fire casualties). Headline targets start with **H**.

Corporate targets – agreed by the Governance, Performance and Audit Committee of the former London Fire and Emergency Planning Authority (LFEPA). These are internal facing indicators with targets. They are things that we want to improve – whilst they are not headline targets, they sit alongside headline targets. Corporate targets start with **CO**.

Improve targets – these are 'internal facing' indicators without targets. They are things that we want to improve (as in 'go up' or 'go down') without needing to achieve any specific target. Improve targets start with **IP**.

Context measures are used to monitor activity levels. Context measures are numbered and start with **CX**.

They help us plan our resources and measure trends to establish whether any other actions are required. They do not have targets. We are not actively proposing to take action to improve these numbers, but will report them alongside the indicators to ensure there is no adverse change in service levels.

You can find our full suite of performance indicators and context measures in this publication.

Aim 1 – PREVENTION and PROTECTION

Our aim is to stop fires and other emergencies happening. When they do occur we want to make sure that people are equipped to deal with them. We also want to work with industry to support the development and building of safer homes, workplaces and places of entertainment.

We'll deliver this aim by:

- Engaging with London's communities to inform and educate people in how to reduce the risk of fires and other emergencies.
- Influencing and regulating the built environment to protect people, property and the environment from harm.

Our commitments under this aim focus on activities that reduce fires and the impact they have, and by targeting people most at risk.

Aim 2 – RESPONSE and RESILIENCE

The London Safety Plan sets out our strategic approach to response and what we'll do to continue to improve our operations. We also need to have resilience – to ensure we have the appropriate arrangements in place to respond to emergencies, whilst maintaining our core service provision.

We'll deliver this aim by:

- Planning and preparing for emergencies that may happen and making a high quality, effective and resilient response to them.
- To use our resources in a flexible and efficient way arriving at incidents as quickly as we can.

Our commitments under this aim focus on activities that help deliver a world class operational response service, and by working with our partners to address identified risks, at a local and national level to ensure continuity of service.

Note: Data for call handling has been revised. Examination has shown that data previously reported since go-live of the Vision mobilising system (in November 2015) wrongly included non-attended calls, and none of the data excluded calls with very extended times (e.g. of an hour or more), nor calls which were not treated as an emergency. The rules for the calculation of attendance times have now been applied to call handling data which produces the revised and correct data set in this digest.

Aim 3 – PEOPLE and RESOURCES

We intend to develop and train our staff to their full potential, whilst at the same time transforming the Brigade so that it is a place where people want to work, and have the opportunity to influence how we work. We will also maximise how we spend our money

We'll deliver this aim by:

- Developing and training our staff to their full potential, at the same time transforming the Brigade so that it is a place where people want to work, and have the opportunity to influence how we work.
- Maximising how we spend our money, ensuring that the Brigade is supported through intelligent systems and data, property investment, procurement, vehicles and equipment.

Our commitments under this aim focus on activities that develop a positive and healthy culture ensuring that our staff have the right knowledge and skills to do their jobs, and by minimising our costs and providing value for money for Londoners.
