Appendix 1 – Revised Cumulative Views

This Appendix contains a total of 19 views previously provided in the June 2018 ES (out of a total of 37) which have been updated to show the effect of two cumulative schemes. The first is the scheme at 100 West Cromwell Road - a version of this scheme was considered in the June 2018 TVHIA and April 2019 TVHIA Addendum but it has been amended since the issue of those documents. The second is an additional scheme submitted since the June 2018 TVHIA and April 2019 TVHIA Addendum, Heythrop College. The 19 updated views were selected on the basis that they are the views in which the new or revised cumulative schemes have the potential to be visible within the image.
