Dear Sir/Madam,

We have reviewed the post submission amendments to the detailed planning application (PP/18/03461) submitted to the Royal Borough of Kensington and Chelsea ('the RBKC') on the 18 June, 2018.

The revisions outlined primarily provide additional social housing accommodation at the low-rise south end of the development. We confirm that there will not be any increase in the basement size or depth as a result of this change and that it will have no impact on the Basement Construction Method Statement dated 18 May, 2018.

Yours sincerely

**David Gray, C.Eng, MICE
Senior Structural Engineer
O'Connor Sutton Cronin**
