RE: KENSINGTON FORUM – FRA LETTER OF CONFORMITY

Dear Sir / Madame,

We have reviewed the post submission amendments to the detailed planning application (PP/18/03461) submitted to the Royal Borough of Kensington and Chelsea ('the RBKC') on the 18 June, 2018.

We can confirm that the revisions outlined in the above mentioned information do not impact the flood risk and surface water conclusions and observations outlined in the Flood Risk Assessment (FRA) submitted and dated the 15th of June 2018. We can also confirm that the revised design conforms to the additional information submitted in response to comments from the Greater London Authority and Royal Borough of Kensington & Chelsea dated 5th of September 2018.

We trust that the above is in order, but should you have any further question or queries, please do not hesitate to contact our office.

Yours faithfully,

Ronan Hennessy
